

2/02/11

To All Figure Skaters and Coaches:

Galactic Ice will be beginning two new policies effective February 8th.

First, each Free Style session will be ending 5 minutes early so that the skaters have time to fill in the holes on the ice. This has been a major issue the last month, with very few skaters taking the time to fill in the holes. Therefore, we will be ending the session with 5 minutes left so that each skater can take the time to fill in holes.

Secondly, Galactic Ice will allow guest coaches to teach during our Free Style sessions. Guest coaches will not have to pay a percentage of the teaching lesson, but will be required to pay for the ice time just like a student. In other words, they will have to pay the price of Free Style to be allowed to go on the ice. In addition, guest coaches must present Galactic Ice with a copy of their certificate of insurance prior to teaching.
